SUMMARY

Dedicated Computer Science Engineering student in the final year, actively engaged in software development. Seeking opportunities to leverage technical skills. I am an energetic, driven, and insatiably curious engineer. Wanted to work and learn different technologies to build projects/apps that solve real-world problems. Meet new people to share and gain their experiences that help grow quickly.

PROJECTS

- **BloodSync:** BloodSync is a dynamic web-based application developed using Servlets, JDBC, MySQL, HTML, CSS, and JavaScript. The system manages blood donation and request services, allowing users and hospitals to request blood, and administrators to manage the overall blood stock and donation process.
- **BookFinder:** It is a web-based application developed using Java, JSP and MySQL. The application allows users to search for books by a specific subject or keyword. Once the search is submitted, the request is handled by Java Servlets, which connect to the database using JDBC. The system fetches all relevant books that match the user's input and sends the results to a JSP page, which dynamically generates a dashboard displaying a list of matching books in a structured table format.

SKILLS

- **Technical Skills:** HTML, CSS, MySQL, Java, JavaScript.
- **Soft Skills:** Quick Learner, Positive Attitude, Adaptability.

AWARDS AND ACHIEVEMENTS

- Rewarded for presenting a project presentation at the IEEE conference at SAGE University Bhopal **Dec 2022**
- Rewarded for project coordination at the IEEE conference at SAGE University Bhopal. **Dec 2023**
- Rewarded for Technical poster presentation on the topic Lifi Technology in IEEE conference at Sage University Bhopal. **Dec 2023**
- Awarded for participating in innovation, Design and Entrepreneurship (IDE) Bootcamp of 5 days at MGM University, Institute of Management & Research, Chhatrapati Sambhajnagar organized by AICTE & Ministry of Education's Innovation cell (MIC). **Sep 23-27, 2024**

CERTIFICATES

| | |
|--|--------------|
| • Java Programming by Great Learning Academy | Aug 2024 |
| • Java Tools by Infosys | March 2025 |
| • Java Servlet Basics and JSP 101 by Simplilearn SkillUp | 12 July 2025 |
| • Frontend Development 1 month Internship by CodeAlpha. | 11 Sep 2025 |

EDUCATION

| | |
|---|-----------|
| SAGE University, Bhopal, M.P. | 2022-2026 |
| Bachelor of Technology Major: Computer Science Overall: 8.20 CGPA In Progress | |
| Kendriya Vidyalaya No 2 Shivaji Nagar, | 2022 |
| CBSE, Bhopal, Madhya Pradesh. | |
| Overall: 79.8% | |
| Kendriya Vidyalaya CRPF Bangrasia, CBSE, Bhopal, Madhya Pradesh. | 2020 |
| Overall: 79.8% | |
